

HAWKER WATER LESS®

The Power to Reduce Expenses

Concerned about maintenance expenses? The HAWKER WATER LESS® battery is our preferred solution for customers looking to reduce watering expenses without sacrificing run time or cycle life.

HAWKER WATER LESS® batteries require watering only 4 to 6 times per year* in normal applications, while providing full power at reduced cost. WATER LESS® batteries utilize a larger electrolyte reservoir resulting in less watering and less room for error. In fact, when tied to a scheduled maintenance program, the HAWKER WATER LESS® battery can become "maintenance free" without the usual drawbacks.

HAWKER WATER LESS® The Power to Reduce Expenses. Get out of the battery maintenance business by choosing a battery that provides solid performance, reduces expenses, and eliminates the need for a special charger – the HAWKER WATER LESS® battery.

To learn more about the HAWKER WATER LESS® battery, call 1-877-7HAWKER to contact your local HAWKER® representative.
